The Destination, Ivy League program, is a four-and-half-year program that takes the selected students through a journey that is limited to academic excellence and community service, reading culture, and human relations. Through this program our students have not only managed to join mainstream Ivy League Universities but also join other high-ranking universities in the United States and the World. Thus far, the program has been very successful, with many students having secured admissions on scholarship and here is a reflection of the admission success
